payment of taxes, and refused by  
the collector.

## XLVI CONGRESS.

## SENATE.

WASHINGTON, April 11, 1879.

Mr. Hereford called up Mr.  
Hear's resolution declaring the  
Democratic programme for the pas-  
sage of the Appropriation bills to be  
unconstitutional and revolutionary,  
and made a speech against it, in-  
sisting that no such action was con-  
templated as would justify such  
conclusion.

At the conclusion of Mr. Here-  
ford's speech the Senate took up  
the Army bill provisions, which  
were explained by Mr. Withers.  
The bill was considered by sections.  
When the 6th section, which pro-  
hibits the use of troops at the polls,  
was reached the Senate adjourned  
until Monday.

## HOUSE.

The House has gone into  
Committee of the Whole on the  
Legislative Appropriation  
bill, the announcement of  
committees having been postponed  
until the afternoon. There are  
some 15 pages of the printed bill  
to be acted on before the contested  
provisions are reached.

An amendment was agreed to  
directing the Commissioner of Agri-  
culture to supply a reasonable  
quantity of seeds, shrubs, etc., to  
the Congressmen for distribution  
among their agricultural constitu-  
ents. Amendments were also  
adopted increasing the appropriation  
for the purchase of seeds.

## TENNESSEE.

CINCINNATI, O., April 11.—A  
Nashville special says: "Yesterday  
the Finance Committee of the  
County Court reported W. A.  
Knight, County Trustee, over  
\$190,000 behind in his accounts.  
Knight and his friends assert posi-  
tively that the report is actuated by  
malice, and that his accounts are  
correct. The committee also re-  
ports Samuel Donelson, ex-Clerk of  
the Criminal Court, \$19,000 short."

## MARYLAND.

BALTIMORE, Md., April 11.—The  
wrestling match between Miller and  
McLaughlin came to an end shortly  
after 2 o'clock this morning, the  
referee, Morrison W. Palmer, of  
New York, declaring the match  
ended and a draw. During a hard  
contest of five and a half hours,  
McLaughlin gained one fall and  
Miller one. The audience, which  
was large and deeply excited during  
the evening, openly expressed great  
dissatisfaction at the result. The  
terms of the match were three falls  
in five.

## INDIANA.

CINCINNATI, April 11.—A dis-  
patch from New Albany, Ind., says:

while she was asleep. Sarah Vaughn,  
who was living in the family, hear-  
ing the shrieks of Mrs. Mauck,  
rushed to the room, whereupon  
Mauck struck her blows that will  
probably prove fatal. He then fled.  
A large party are pursuing him."

AUGUSTA, GA., April 11.—Henry  
M. Seed and Thomas Salterwhite,

## VIRGINIA.

RICHMOND, April 11.—There is  
good authority for stating that the  
recent action of United States Judge,  
Rives, in indicting County Judges  
in his (Western) District for not  
having mixed juries in their courts,  
will be followed by a similar move-  
ment in this (Eastern) District, and  
that the United States District  
Attorney will probably to-morrow  
present the names of a number of  
County Judges for indictment. The  
cases of the United States against  
a number of Virginians known as the  
"gold cases," have been set for trial in the United  
States Court to-morrow. These  
are the cases in which the Federal  
Government sues ex-Governor Wm.  
Smith and other ex-State officials  
who were in authority at the time  
of the evacuation of Richmond, in  
1865, for \$50,000 in gold, claimed  
by the United States as spoils of  
war, and said to have been appro-  
priated by the defendants.

## MINOR DISPATCHES.

NEW YORK, April 11.—Good  
Friday was appropriately observed.  
Business at the Stock and Cotton  
Exchange was entirely suspended.

LONDON, April 11.—A special to  
the Standard from Rome says:  
"Many Republican leaders are ex-  
pected to arrive here shortly, to  
meet at the Garibaldi House. A  
message states that at a meeting of  
the Democratic leaders at Menotti,  
Garibaldi's residence, a movement  
in favor of universal suffrage was  
discussed."

Proceedings of the City Council Last  
Night.  
The Board met at the usual hour last  
night, Mayor Luttrell presiding, and  
the following Aldermen present:  
Harris, Sullivan, Dickson, Lyons,  
Albers, Stephenson, Barrier, McAlly,  
Scales, O'Connor, Hockert, Shea,  
Allison, Lewis and Irvin.

The minutes of the previous meet-  
ing were read and approved.  
The following bills were presented  
by Alderman Allison, chairman of the  
Finance Committee, approved and  
passed for payment:

Joseph T. McTeer.....\$ 22.47  
Ramage & Co.....15.60  
W. A. Anderson.....105.67  
James O'Connor & Co.....20.90  
H. Barry.....6.00  
S. T. Adkin.....57.10  
James O'Connor.....1.70

Alderman Allison recommended the  
refunding of \$3 to Shea & Donahoe,  
overpaid tax on their stock of goods.  
Alderman Dickson presented an or-  
dinance to protect the city from in-  
cendiarism. The ordinance requires po-  
lice to arrest and lock up suspicious  
characters found on the streets or  
around other people's premises, after  
midnight, without giving a sufficient  
excuse for being there.

The ordinance was endorsed by Al-  
dermen Dickson and Shea, and op-  
posed by Aldermen Allison and Sul-  
livan, but, being submitted to a vote,  
the ordinance passed first reading by a  
vote of 11 to 4.

By permission, Mr. W. B. Mc-  
Donough, who is in the room, for  
sent propositions looking to the con-  
struction of water works for the city.  
The propositions were read by Mr. E.  
E. McCroskey. The first proposes to  
construct water works in accordance with  
the survey and estimates of Mr.  
Flannery in 1873, everything to be re-  
spond thereto, provided the city will  
grant the water works company right  
of way to all streets, alleys and public  
grounds; exempt the company of  
municipal taxation for five years, and  
agree to take not less than fifty fire  
hydrants, at a cost of not less than \$75  
per hydrant per annum. They agree  
to commence the construction of the  
works in sixty days and have them  
completed in nine months, and  
make a provision that the city can  
purchase the works from them at any  
time they choose.

The second proposition leaves out  
the matter of the fire hydrants, for  
consideration hereafter, otherwise  
leaving it optional whether the city  
takes the hydrants or not, provided  
the city subscribe for \$10,000 stock, on  
the basis of \$67,000 as the cost of the  
works.

The third proposition is to build the  
works for the city for \$67,000, one half  
to be paid in cash, the other in city  
bonds at 6 per cent. interest. The  
propositions are signed by McDonough  
& Co., of Cincinnati, and J. J. Fitz-  
patrick, of Lancaster, Pennsylvania.

Alderman Scales moved the refer-  
ence of the proposition to a committee,  
to consist of four Aldermen and eight  
citizens, who shall thoroughly investi-  
gate and report to an adjourned meet-  
ing of the Board next Friday night.

The motion prevailed, and the fol-  
lowing were appointed by the Mayor:  
Aldermen N. E. Scales, M. D. Sul-  
livan, Alex. Allison and W. L. Lyons,  
from the Board, and Messrs. Samuel  
McKinney, Jos. Jacques, J. B. Hoxie,

Iyer's Ague Cure,

For Fever and Ague, Intermittent Fever,  
Chills, Malaria, Biliousness, Dumb Ague,  
Headache, Stomach Troubles, and all  
the ailments which arise from malarial  
fever, or from the use of quinine.

This is a compound remedy, prepared with  
the most skill from vegetable ingredients, which  
quickly cures the most severe cases of Chills  
and Fever, and the concomitant disorders. Such  
a cure is the necessity of the people in malarial  
districts. Its great superiority  
over any other medicine yet discovered for the  
cure of Intermittents, is that it contains no quinine,  
and therefore does not produce the dangerous  
danger of quinine or any injurious effects,  
and is as healthy after using it as before. It  
has been extensively employed during the last  
thirty years in the treatment of these distressing  
disorders, and so unvarying has been its success  
that it has gained the reputation of being infal-  
lible. It can, therefore, be safely recommended  
as a sure remedy and specific for the Fever and  
Ague of the West, and the Chills and Fever of  
the South. It counteracts the malarial poison  
in the blood, and frees the system from its in-  
fluence, so that fever and ague, chills or chills,  
once broken up by it, do not return until the  
disease is again contracted.

The great variety of disorders which arise from  
the action of this poison, such as Neuralgia,  
Rheumatism, Gout, Headache, Blindness,  
Toothache, Earache, Catarrh, Asthma, Pain  
in the Stomach, Spasmodic Affections, Hysteria, Fal-  
lacy, the Ague, Chills, Paralysis, and derange-  
ment of the bowels, all of which become intermit-  
tent or periodic, have no speedier remedy than  
Iyer's Ague Cure, which cures them all alike,  
and prevents their return from future attacks.

As a preventive, it is of immense service in those  
communities where Fever and Ague prevails, as  
it cures the development of the disease if taken  
early. First approach the preliminary symp-  
toms. Travelers and temporary residents are  
enabled to defy these disorders, and few  
will ever suffer if they avail themselves of the  
protection this remedy affords.

For Liver Complaint, arising from torpidity,  
it is an excellent remedy; it stimulates the organ  
to healthy activity, and produces many remark-  
able cures where other remedies fail.
